By the end of the programme they'd learnt some new stuff

“ They taught us so much but in a fantastically entertaining way ”

“ Really enjoyed our training sessions and was surprised to learn about myself as well ”

“ its helped a lot with the way we manage our site and lead our team ”

And here's what their Head of Site Operations had to say...

Sam McBride

“

The Clubs need was for a significant training programme which was delivered to over 170 staff all based in different locations across the country. Jason & Lee travelled across the country to deliver the training in all sorts of locations, and were flexible & agile in adapting their approach based on the audience in front of them. Their approach won hearts and minds of our staff which at times was a tough ask but they did this effortlessly! Due to the success of this training it is now being rolled out to a further 310 staff members.
