

“Totem are helping to enhance our Learners training experience, and provide a more immersive experience of running a shift; a completely tailored game to our design and content. Totem have helped build this crazy idea into reality.

A huge thank you to the Totem team for the patience, detail, and dedication. We are so excited to see the product go live and see how it will transform our training.”

**Frank Mouat, Learning Solutions Program
Manager, Amazon**

“

**“I have been
blown away by
the inventiveness,
eagerness and
flexibility shown
by all the team.”**

Andy Goose, Shell UK.

“

“In my opinion there is none better than Totem, they understand both technology and learning in depth and are a pleasure to work with.”

Prof.dr. Albert Jolink, Professor of Strategic Management, Skema Business School.
